

8:40 Meeting, Thursday, 26 July 1973

1. Allowance Raise Possibilities: At its meeting Tuesday the Administrative Allowance Committee took up the problem created by the continued worsening of the dollar's position overseas since February 1973 -- especially in Europe. Several courses of action were proposed. They considered ^{of course,} increasing the amount of the fixed allowances. It was agreed that a final decision would be reached at next Tuesday's meeting.

2. Clerical Recruitment: From last Sunday's ad in the local newspapers, specifically the Star/News and Post, for clerk typists and messengers, we have received 106 calls to date. Twenty-one have been interviewed thus far, of which 9 were applicants for messengers. They have not been tested so we don't know how high the quality is in this group.

3. Co-op and Summer Intern Program: [redacted] met STAT yesterday with Mr. Harris Rollins, Coordinator for Cooperative Education for Grambling College. This is the second predominantly black school official with whom Larry has discussed our co-op program this week. The meeting appears to have been fruitful and we hope to co-op with them in the computer science and accounting fields.

STAT

4. Assisting IC Staff: I had a meeting earlier in the week with [redacted] and later Frank was briefed on what our Staff Personnel Division can provide in the way of assistance of immediate concern in formalizing the status of nine military officers

who are working here on an informal loan basis. It appears at this time that they will become military details in the traditional sense.
